INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with 37 C.F.R. §§ 1.97 and 1.98, and in compliance with the duty of disclosure set forth in 37 C.F.R. § 1.56, Applicants hereby submit attached Form PTO/SB/08B for consideration and request the references cited therein be made of record by the U.S. Patent and Trademark Office ("USPTO") in the above-captioned application.

Applicants respectfully point out that the submission of the listed references in this Information Disclosure Statement ("IDS") is not an admission that they are prior art or that they are material to patentability of any claims of the application. Also, this IDS is not to be construed as a representation that a search has or has not been conducted or that no better art exists. Rather, this IDS discloses only the best references of which the Applicants are currently aware.

Applicants wish to inform the Examiner that the attached PTO/SB/08B form is a duplicate of the PTO/SB/08B form that was filed on April 26, 2010, before the issuance of the Notice of Allowance on May 19, 2010. Because it was discovered the USPTO misplaced the PTO/SB/08B form that was filed on April 26, 2010, Applicants had to re-file the PTO/SB/08B form on May 27, 2010. As such, Applicants respectfully request that the Office remove the Notice

of Non-Compliant IDS, issued June 25, 2010, from record. A copy of the original date stamped IDS filing receipt is attached herewith for the Examiner's convenience.

Consideration of the foregoing plus the prompt return of a copy of the enclosed Form PTO/SB/08B with the Examiner's initials in the left column in accordance with MPEP 609 are respectfully requested.

It is believed that no fees are required for this submission, but should any fees be necessary, the USPTO is authorized to charge such fees to the undersigned's Deposit Account No. 50-0206.

Respectfully submitted,

HUNTON & WILLIAMS LLP

A handwritten signature in black ink, appearing to read 'Dalei Dong', is written over a horizontal line. The signature is fluid and cursive, with a large loop at the end.
